## (GA.017) Canteen

### Medium

Wood

### Description

Circular barrel-type canteen made of wood with side staves (12 in number) like a barrel. The mouth piece is a raised, carved stave with a hole bored into it. The two hoops which run parallel to each other around the outside of the canteen are also made of wood and interlock. Carved into side: "H G / 1776". Carved into opposite side: "W" or "VV" and "I B".

### Dimensions

7.75" x 7.25" x 3.9"
